

Fast and compact:
The door as modular construction system.

Minirapid AL

Compact and fast –

These are the main features of the High-Speed-Rolling-Door Minirapid AL.

Due to the modular construction system with its self supporting guide rails there is little space required on the sides. The compactness and flexibility is also expressed in the variety of the curtain. The PVC segments are connected by aluminium reinforcement profiles. Therefore, the single segments of the curtain may be exchanged easily if necessary.

Door size

Width (CW) max. 5000 mm
Height (CH) max. 5000 mm

Control system

Microprocessor control system TS 971 with CEE-connector

Speed

Drive is linked with frequency converter
Opening speed max. 1,8 m/s
Closing speed max. 0,8 m/s

Emergency opening

Manual crank
Optional: Emergency chain

Curtain

PVC-coated fabric with window
and reinforcement profiles in aluminium

Curtain colours

RAL 1018	Zinc yellow	
RAL 2004	Pure orange	
RAL 3002	Carmine red	
RAL 5010	Gentian blue	
RAL 7038	Agate grey	

Wind class resistance (EN 12424)

Class 1 up to 30 km/h
